Annual Report Session 2024-25

We feel privileged and proud to express our thanks to you all for your cooperation extended throughout the session. We are happy to announce that that our students performed well in their respective classes. In board examination conducted by CBSE we had 100% of success with meritorious students and in competitive examination like NEET, AIEEE, NDA etc, they brought appreciation for the school. We are now giving special attention to the admissions in Nursery, LKG and UKG classes and till class 11 with all modern educational facilities with availability of limited numbers of seats in each class for their effective learning and hope will be able to compensate every possible thing for them. Our school considers discipline as of prime focus and we discourage and do not allow student to use mobile phone and automobiles in the school and you are also requested to kindly help them to avoid the same at your end. The school never encourages the tuition/coaching by our own teachers to our own students.

Our students as NCC Cadets performing well through NCC unit in the school both for Junior Division/Wing and Senior Division/Wing. By means of NCC and NSS platforms we are trying our best to provide additional advantage to deserving students to develop their personality and get bonus marks later on at times of admission to higher educational institutes and career opportunities. At the same time school is always working and adopting to new methodologies and infrastructure for better development of our children. We are running French classes from class 1 to 6 and gradually these classes will be taken to the level of class 12 and will also carry certification of the same by recognized agencies that will help students in their foreign travel study and job plans as a catalyst. We are having plans to start Artificial Intelligence (AI) and Robotics labs very soon in the school.
